Mandatory Online Training Courses

DHS Overview Video

The DHS Overview video will provide you with an overview of how these divisions and DHS offices support our vision of “Stronger families for a stronger Georgia.”

DHS Workplace Harassment (6 Modules)

Harassment is defined, in the employment and legal context, as conduct or actions, based on race, religion, sex, national origin, age, disability, genetic information, military membership or veteran status, that are severe and pervasive enough to create a hostile, abusive or intimidating work environment for a reasonable person. EDW 1210.1

DHS Safety Awareness and Fall Prevention (4 Modules)

Safety awareness is a responsibility, a commitment, an obligation. It's common sense, teamwork and safe work procedures. It's recognizing hazards and showing a willingness to act to control any hazard present. Managing safety issues efficiently and effectively will contribute to an organization's financial viability and it demonstrates a commitment to the most valuable asset of any organization, its people. EDW 1204.1

DHS Diversity and Inclusion (5 Modules)

DHS Policy 101 is the Equal Employment Opportunity and Unlawful Discrimination Policy. It states that DHS is an equal opportunity employer committed to providing equal employment opportunity for all individuals regardless of race, color, creed, national origin, ancestry, citizenship, religion, political opinions or affiliations, age, disability, genetic information, gender, sexual orientation, pregnancy, childbirth, related conditions, military, or veteran status. Managers and supervisors must make all groups feel included. In addition, diversity training adheres to various civil and human rights. EDW 1209.1

DHS Standards of Conduct (8 Modules)

DHS Policy 1201 is our Standards of Conduct Policy. As DHS employees, we must perform duties in compliance with Federal and State laws, the Code of Ethics for Gov't Services, Rules of the State Personnel Board, DHS policies and the Gov. Executive Order on ethics. This training will provide a foundation for handling a variety of work-related situations. EDW 1208.1

DHS Workplace Violence (6 Modules)

Workplace violence is any act or threat of physical violence, harassment, intimidation, or other threatening disruptive behavior that occurs at the work site. It ranges from threats and verbal abuse to physical assaults. It can affect and involve employees, clients, customers and visitors. According to DHS Standards of Conduct and Ethics in Government, employees are always expected to maintain professional and businesslike relationships with fellow employees. DHS has a zero-tolerance policy towards violence. EDW 1205.1

DHS Defensive Driving (4 Modules)

Defensive driving is a set of driving skills that allows you to defend yourself against possible collisions caused by bad drivers, drunk drivers, and poor weather. Defensive drivers are able to avoid dangers on the road by using their safe driving practices. Full time employees are mandated to use rentals to go to a non-standard place of work, however the topics in this training apply to anyone who operates a motor vehicle. This training covers the following: Protection against careless motorists and Vehicle and travel safety EDW 1202.1

DHS Information Security and Awareness (6 Modules)

Information Security refers to the processes and methodologies to protect print, electronic, or any other form of confidential, private and sensitive information or data from unauthorized access, use, misuse, disclosure, destruction, modification, or disruption. Both DHS employees and contractors with access to DHS systems, applications and networks must comply with DHS Information Security policies and procedures. EDW 1206.1

Customer Service and Communication (4 Modules)

Excellent customer service often comes down to consistently checking in with your customers and making sure they are happy with the products and services you're providing and the process of working with you. If you do that successfully, you are on your way to becoming known for providing excellent customer service. Providing this type of excellent customer service starts with a genuine desire to delight your customers, but you also have to think beyond selling your products or services. You need to consider the cumulative experience customers, both internal and external, have when they work with you, what they think and feel, and what you can do to make it better. EDW 1201.1

DHS HIPAA (5 Modules)

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is United States legislation that provides data privacy and security provisions for safeguarding medical information. HIPAA was enacted by Congress to provide group and individual insurance reform, introduce tax-related health care provisions, control healthcare fraud and abuse, and to ensure improvement in healthcare systems. This policy applies to all individuals who are Georgia Department of Human Services (DHS) employees, volunteers, trainees, and contractors who perform duties in conjunction with the access, distribution, dissemination, modification, and management of protected health information (PHI). EDW 1203.1

Sexual Harassment Prevention Training for Supervisors and Managers

The Sexual Harassment Prevention Training for supervisors and managers is an online training course available through Team Georgia Learning, the DOAS Learning Management System (LMS). Supervisors and managers will receive an automatic registration email from Team Georgia Learning. This email will include the login credentials and instructions on how to login and launch the online training course.
