Neglect

§ 16-5-101. Neglect

(a) A guardian or other person supervising the welfare of or having immediate charge, control, or custody of a disabled adult, elder person, or resident commits the offense of neglect to a disabled adult, elder person, or resident when the person willfully deprives a disabled adult, elder person, or resident of health care, shelter, or necessary sustenance to the extent that the health or well-being of such person is jeopardized.

(b) The provisions of this Code section shall not apply to a physician nor any person acting under a physician's direction nor to a hospital, hospice, or long-term care facility, nor any agent or employee thereof who is in good faith acting within the scope of his or her employment or agency or who is acting in good faith in

Placement Tab

The Placement tab outlines the role of the Healthcare Facilities Regulation Division (HFRD) and links to inspection reports. The Temporary Emergency Respite Fund (TERF) tab describes the temporary placement program, available only to law enforcement, APS, and HFRD.

TERF Is a resource only for law

enforcement, social services and regulatory agencies to assist in the emergency placement, for up to seven (7) consecutive days, of abused, neglected and exploited at-risk adults whose caregivers have been removed because of illness, arrest, or other reasons. At-risk adults lacking the ability to independently provide for their own basic necessities of life due to disease, disability or cognitive impairment, without family or friends to become involved in the care and decision making of the adult; and at imminent risk of harm/threat to health and safety if placement is not provided is available 24 hours a day 7 days a week.

TERF is not intended to resolve issues of chronic homelessness and/or issues of cognitive impairment due to use of alcohol or narcotics. Mental health crises should be addressed through the Department of

Screenings Tab

Each tab under the Screening category opens to different screening forms.

The GANE App processes the answers and determines if the individual should be referred to the appropriate state agency.
