ECONOMIC STIMULUS PAYMENT SCAM ALERT

MANY Scam artists are scheming new ways to get your economic stimulus payment from you...by any means necessary. Be on the look out for these schemes or anything that seems unusual.

- You don't have to pay a fee to get your stimulus payment or to receive your payment faster. There are individuals who claim they can speed up your payment—for a fee. Some will even ask you to sign away your benefit to them. This is a scam. No one can speed up your payment.
- If someone claiming to be from the IRS calls or emails you about the payments and asks you for a Social Security, bank account or credit card number, it is a scam. The scammers are trying to get your personal and financial information so they can empty your bank account, run up charges on your credit card or steal your identity.
- Do not give out personal information if you are contacted by phone or e-mail.
- Please keep in mind that only the IRS can send you an official letter regarding your tax situation. The IRS will **NEVER** do any of the following:
 - NEVER call you and ask for Social Security Number or bank account information
 - NEVER e-mail you and ask for Social Security Number or bank account information
 - NEVER send a letter that tells you to respond by phone
 - **NEVER** send a letter that tells you to respond via e-mail
 - NEVER come to your home

To report IRS scams, contact the IRS at 1-800-829-1040. If you receive an unsolicited e-mail communication claiming to be from the IRS, please forward this message to: phishing@irs.gov using the instructions provided below.

The Georgia Department of Human Resources Division of Aging Services (DAS) is offering presentations around the state on how to avoid becoming a victim of scams. To schedule a free presentation in your area, call DAS' Elder Rights Team Leader at 404-657-9589.

For information on services available to older adults in Georgia, call the Division of Aging Services at 1-866-55-Aging (1-866-552-4464).
